CHOCOLATE COATED CORNFLAKES. OMG !

You have not known tasty chocolate cereals until you try our chocolate coated cornflakes. The dark version received 2 stars at the great taste award, as the only chocolate cereal EVER. We believe this makes our cereals the world's best chocolate cereals. As a small bonus, they also contain way less sugar than normal chocolate cereals, they are organic, gluten free and the dark one is vegan.

HELLO GRANOLA!

The Turtle granola range consists of 2 oat-based granolas and 2 power granolas.

Power granola? The absence of cereals keeps the carbs to a minimum, making these granolas suitable for keto-, paleo- and low carb diets. The nuts and seeds have a high protein content and good fats. And also, it just tastes super good.
